## Super Brake Fluid DOT 3

## **Product Description:**

Sharlu Super Brake Fluid is an automotive brake fluid of FMVSS NO. 116 DOT 3 quality. It meets and exceeds SAE J-1703.

Sharlu Super Brake Fluid has high viscosity index which ensures superior performance over a wide range of operating temperatures. It has good vapour lock characteristics, and has the required lubricity, anti-foam and anti-wear properties for a long trouble free hydraulic braking system.

## **Main Benefits:**

- Superior low temperature fluidity and high boiling point gives wide operational range.
- ❖ Compatible with all seal materials used in automotive hydraulic brakes.
- Good wear & corrosion protection.

## **Application:**

Sharlu Super Brake Fluid is recommended for automotive type hydraulic brake & clutch systems.

Physical Characteristics	Test Method	Typical Values
Equilibrium Reflux B.P. C		240
Wet Equilibrium B.P. C		145
Kinematic Viscosity	ASTM D-445	
@ 40 °C, cSt		1150
@ 100 °C, cSt		1.8
PH Value		9.0
Chemical Stability: ERBP change, C		3.0 max
